

## **Welcome to Moore-Smith Comprehensive Care**

Welcome, and thank you for choosing Moore-Smith Comprehensive Care. We are honored to partner with you on your healthcare journey.

Our practice was created with a simple but powerful goal: to provide thoughtful, personalized, and comprehensive primary care in an environment where patients feel heard, respected, and supported. We believe that high-quality healthcare is built on strong relationships, clear communication, and a shared commitment to your long-term wellness.

At Moore-Smith Comprehensive Care, we take the time to understand you as a whole person, not just a diagnosis. Whether you are visiting us for preventive care, chronic disease management, acute concerns, or wellness-focused services, our team is committed to delivering evidence-based care tailored to your individual needs.

## **What You Can Expect from Our Practice**

- A patient-centered approach with extended visit times when appropriate
- Emphasis on preventive care and health education
- Clear communication about diagnoses, treatment options, and next steps
- Convenient access to your health information through our secure patient portal
- A welcoming, professional environment focused on quality and compassion

## **Getting Started**

To help ensure a smooth first visit, we encourage all new patients to:

- Complete registration forms and questionnaires which can be printed online or through the patient portal prior to your appointment
- Submit a medical records release so we can obtain records from your previous providers

- Bring your insurance card, photo ID, and medication list to your visit

Our team is happy to assist if you have questions about scheduling, insurance, records, or portal access.

We are truly excited to care for you and your family and look forward to building a long-term partnership focused on your health, wellness, and quality of life.

Thank you for trusting us with your care.

Warm regards,

Lakisha Moore-Smith, MD, PhD
